

SHORE
DISTRIBUTORS, INC.
SERVING THE DELMARVA PENINSULA

DELMARVA POWER HVAC MIDSTREAM PROGRAM

Starting **November 1, 2019 through December 31, 2021** contractors will be able to receive discounts when purchasing qualifying high-efficiency HVAC equipment through participating distributors by providing them an active Delmarva Power residential customer's address where the equipment is being installed. The Delmarva Power HVAC Midstream Program provides incentives on qualifying equipment (listed below) without the need for contractors to submit a rebate application.

The following types of equipment will now be eligible for discounts:

****Please see eligibility updates****

ECM Furnace Motor (Factory Installed) is no longer eligible.
